*Episode #2/14:*

***The Terrorists from  
Amore!***

**February 10 - 06:29**  
**Increasing levels of chatter being picked up indicate impending attack by Amore terrorists**

**February 11 - 18:23**  
**Agents penetrate a sleeper cell of Amore terrorists. Discover lab for development of chemical weapons. Residue of "love philtre" weapon found, but stocks already removed.**

February 12 - 16:53  
*Surveillance photographs of terrorist training camps on the Amorean peninsula show recruits at work.*

February 13 - 19:37  
*Amore terrorist training Bluebirds of Happiness to deliver biological payload to target sites.*

**February 13 - 23:07**  
**First terrorist suspect attempts on-line check-in. Threat level escalated to orange and counter-terrorism forces engaged.**

**February 14 - 07:11**  
**Group of three Amore terrorists sighted in airport security line. Threat level raised to red and President notified**

February 14 - 09:13

***At security checkpoint, chemical weapons intercepted. Confiscated "love philtre" weapon was enough to take down city of 150,000. Safely disposed of by Haz-Mat team.***

February 14 - 10:41

***Weapons smuggled through checkpoint and into clean zone. Primitive wooden weapons do not register in X-ray or metal detector.***

February 14 - 11:29  
***Amorean Terrorists attack in mid-air. Air marshalls able to subdue attackers and minimize damage.***

February 14 - 13:03  
***Bluebirds of Happiness carrying avian flu released by airport. 4oz (before cooking) birds no match for airplane engine***

February 14 - 15:59  
**Last of Amorean Terrorists rounded up and secured. Public can travel without fear for another year.**
